Major General Philip B. Fleming
Administrator
Federal Works Agency
13th & F Streets, N. W.
Washington 25, D. C.

Attention: Mr. Ernest Hall

Dear Sir:

The Central Intelligence Group is very desirous of obtaining the library material contained within the Civilian Production Administration library together with certain of the personnel employed therein.

Upon inspection, it was ascertained that there were many volumes of material of an economic and social nature which would be highly valuable to the Central Intelligence Group in the execution of its mission, and which probably would be unobtainable elsewhere.

It will be realized that use could be made of this material not only by the Central Intelligence Group, but the other agency members of the Intelligence Advisory Board, namely, the State, War and Navy Departments, and U. S. Army Air Corps.

It is, therefore, requested that favorable consideration be given to the transfer of the above mentioned personnel and material to the Central Intelligence Group.

FOR THE DIRECTOR OF
CENTRAL INTELLIGENCE:

Very truly yours,
